# Geospatial Administrators Association South Carolina

## Spring Summit 2023

### April 27th & 28th, 2023

The Geospatial Administrator's Association of SC (GAASC) is proud to invite you to our annual GAASC 2023 Spring Summit. This year's two-day summit is being held Thursday, April 27th and Friday, April 28th, 2023 at the Aloft Hotel in beautiful Downtown Greenville SC.

As President for the 2022-2023 year, I am happy for us to return to our two-day summit of networking opportunities along with targeted GIS, IT and Leadership speakers for a diverse and well-rounded agenda.

Our Spring agenda will include optimizing your ArcGIS enterprise deployment, local member GIS solutions and IT security recommendations.  Departments are challenged with keeping us safe in an ever changing and sometimes hostile security environment.   We will of course hear from our cherished Summit sponsors BCS, ESRI and Eagleview.   Our very own SC GIS Coordinator  Adam DeMars will catch us up with statewide GIS and aerial projects – and basically anything else we need to know. Additionally, we offer two presentations on our leadership track.  A Roadmap for Success is a ArcGIS adoption leadership strategy by ESRI and then we begin Friday morning with a fresh, fun new direction for building leadership skills.

Empowering local government GIS and IT technology leaders to enhance the growth and development of a diverse geospatial community within SC is our purpose.   We are returning to our why.   Returning to our network of supporting "can-do" peers. Sharing knowledge!  It is time to show up and grow together in our skills.   I hope you will join us this year and become part of the forward momentum.

GAASC also offers professional development opportunities for growth with leadership roles as an officer, serving on the board of directors and through projects initiated by the group.

I look forward to seeing all at this year's Spring 2023 Summit as we foster leadership, build GIS and IT skills and facilitate collaboration within South Carolina's local government IT and GIS community.

Crystine Hoge, Florence County GIS Director
GAASC President, 2022-2023

# GAASC 2023 Spring Summit – Aloft Downtown; Greenville, SC
